

Klamath Settlement

PROCESS

Informational Meeting on Klamath River Dam Removal Studies for the Secretarial Determination

December 9, 2010

Copco Lake (Montague, CA) 10 a.m. – 12 p.m.

Yreka, CA 6 p.m. – 8 p.m.

Meeting Objectives:

- 1) Enhance community awareness of the role and status of scientific and technical studies being conducted to inform the U.S. Secretary of the Interior about issues related to the proposed removal of four dams on the Klamath River per the Klamath Hydroelectric Settlement Agreement.
- 2) Provide a forum for the community and federal and California agencies to discuss the scientific studies that will inform the Secretary of the Interior's decision on Klamath River dam removal.
